

New App User Onboarding

Step 1 — Find Your Church

User searches for or selects their church.

Step 2 — Create Your Profile

Keep this lightweight:

- Name
- Photo
- Age/life stage
- Basic interests

Step 3 — Tell GathUr What You're Looking For

Options:

- Meet people
- Find a group
- Attend gatherings
- Serve
- Get more involved

Step 4 — Tell GathUr About You

A few quick questions:

- Interests
- Life stage
- Availability
- Preferred activities
- Ministries they're interested in

Step 5 — Choose Privacy Preferences

Let users control:

- Who can see their profile
- Whether they can be recommended to others
- What information is visible

Step 6 — Get Your First Recommendations

Immediately show:

- One person to meet
- One group to consider
- One gathering to attend

Step 7 — Take Your First Step

User chooses one action:

- Connect
- Join
- RSVP

Then GathUr drops them into the main app.

User Flow:

Find Church → Create Profile → Tell Us What You Want → Tell Us About You → Privacy → Get Recommendations → Take First Step
